

South Central Region EMS & Trauma Care Council

7202 NE Hwy 99 #106-336 Vancouver, WA 98665 • www.swems.org

Dear Colleague,

As Chair of the South Central Region EMS and Trauma Care Council, I would like to invite you to join our organization. As you may know, the Region Council is tasked with the planning and coordination of emergency medical services (EMS) and the trauma system within our region as well as a number of things to help improve the EMS system in our state. We provide training grant funds for new and existing pre-hospital providers, and work collaboratively to develop EMS operating procedures. We also share important news and information with our partners in the region and state.

Region Council membership is a volunteer position however, there is very little time commitment. Our Council meets five to six times per year on the first Wednesday of odd months at 2pm. Our meetings are held online via Zoom or call in.

By joining the Council, you will be helping the citizens of our region and you will gain valuable insight into the behind-the-scenes operations of the EMS & Trauma System, as well as help ensure that the Council has broad representation from agencies across our region. Most importantly, you have an opportunity to share your knowledge and experience with others. Please contact April Borbon, Executive Director, at regionems@gmail.com or visit our website at www.screms.org for more information.

I hope you will consider becoming a member of the Region Council as we want to ensure that all EMS partners and stakeholders are represented on the Council. Receiving your input will help ensure that the things we do as a Council are valuable for all partners involved and for the ongoing betterment of the entire EMS & Trauma System.

Sincerely,

David Lynde, Chair
April Borbon, Executive Director
